Subject: Mark Swindells Uluru Camel Tours fracking enquire
Date: Monday, 10 July 2017 11:16:19 AM

G'day Rachel Pepper

Recently Ive become aware that there will be an enquire into Fracking in the Northern Territory

As well that there will be community consultation and visits to discuss this issue and that Yulara and Mutitjulu are not on the sceduled list of towns to be visited.

I would appeal to you to consider putting Yulara on the list as it is the fifth largest town in the Northern territory and is in the proposed Amadeus gas basin, so it will be majorly effected buy the proposed gas development.

I would like to official welcome you to visit Yulara and if I can help to facilitate your visit, please dont hesitate to get in contact

--

Kind Regards

Mark Swindells
