- Gas pipeline
- Railway
- Mangrove

NOTES:
 This map should only be used for regional groundwater assessment and not for specific sites, individual blocks, investment or other purposes without further advice from the Land and Water Division, NRETA.

Local variations in supply will occur. The information shown on this map is subject to amendment on further investigations.

GROUNDWATER SALINITY and YIELD

Suitable for human and animal consumption

Not suitable for human consumption but may be tolerable for some livestock. Water is similar to sea water. Mangroves are underlain by salt water.
