Dear Commissioner

Re: SUBMISSION TO HYDRAULIC FRACTURING INQUIRY

The Environmental Defenders Office NT welcomes the opportunity to contribute to the Inquiry.

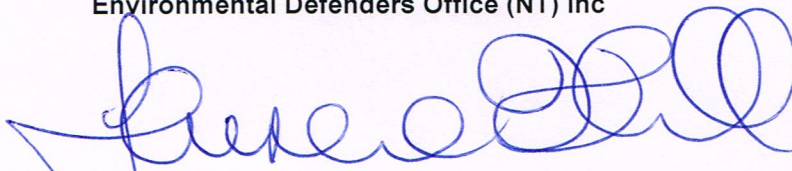

The Environmental Defenders Office NT has the benefit of reference to the experience and views of our clients and stakeholders in preparing this submission.

We refer to our earlier meeting and understand that you noted the concerns we have about submissions from Aboriginal people in the Northern Territory, as they are being directly affected by exploration and production of petroleum through hydraulic fracturing.

We know our clients are concerned and would welcome an opportunity to be heard directly by you. We encourage you to travel in the NT to achieve the widest possible input to this Inquiry.

Please contact us if you need further information or if we can assist in any way.

Yours sincerely,
Environmental Defenders Office (NT) Inc
