

21 August 2017

The Hon. Justice Pepper
Hydraulic Fracturing Taskforce
GPO Box 4396
Darwin, NT 0801, Australia

Dear Justice Pepper,

RE: Response to request for information (RFI)

Attached is Origin's response to the request for information (RFI) received on 25 July, 2017. We appreciate the opportunity to provide feedback to the specific queries raised.

In most instances we have responded as requested. However in some we have challenged the assertions made in the request. Where we have challenged, we have provided specific data and references to support the position put forward in our response.

Five appendices (referenced in our response) are also included, as outlined below. Please advise if the Inquiry Panel members would like further clarification regarding any data or interpretation from any of the attached documents.

If you require any further information please contact Stephanie Stonier [REDACTED] or myself.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "D. Close".

David Close
Unconventional Exploration Manager, Origin
