

About DLRM spatial data for download

Thank you for downloading DLRM spatial data.

Please refer to the Disclaimer and Data License links provided below for the terms and conditions of use for the downloaded data.

1. ABOUT THE DATA

DLRM has supplied NT wide natural resource datasets, or regularly requested datasets, in ESRI file geodatabase or shapefile formats. The data is stored in geographics, datum GDA94.

2. DISCLAIMER

Please read the Northern Territory Government [Disclaimer](#).

3. DATA LICENSE

Data supplied by the Department of Land Resources Management is licensed under the Creative Commons Attribution 3.0 Australia License. (CC BY 3.0) Please read the [license](#).

Data, and all derivatives, must be attributed with this statement:

**Data supplied by the Department of Land Resource Management
Copyright - Northern Territory of Australia**

4. METADATA

Spatial data supplied by this department is described in an associated metadata record. All DLRM metadata records may be searched [here](#).

5. HOW TO ACCESS OTHER DLRM SPATIAL DATA

Some DLRM spatial datasets may be downloaded from our NR Maps web mapping application. To access NR Maps and to view User Guides, refer to <http://lrm.nt.gov.au/nrmapsnt>.

If you would like to request DLRM datasets that are not available for download via NR Maps or FTP site, please lodge a [request for Spatial Data](#).

For more information and technical support regarding the data, please contact:

Data Request Officer, Spatial Data and Mapping (SDM) Unit
Department of Land Resource Management

Email: datarequests.DLRM@nt.gov.au
